Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The attorney, Janae Lehman Bell, requested a telephonic interview to discuss the 103 rejection over Goodman et al. in combination with other references. The attorney pointed out there may be some issues with respect to a reasonable expectation of success, especially in light of a board decision regarding Goodman et al. The examiner advised the attorney that one way to overcome a 103 rejection is to identify a preferred embodiment that yielded an unexpected result and include the limitations of the preferred embodiment in the claims; however, new matter must be avoided. The attorney will consult with her client and will submit a response soon..
